# Introduction:

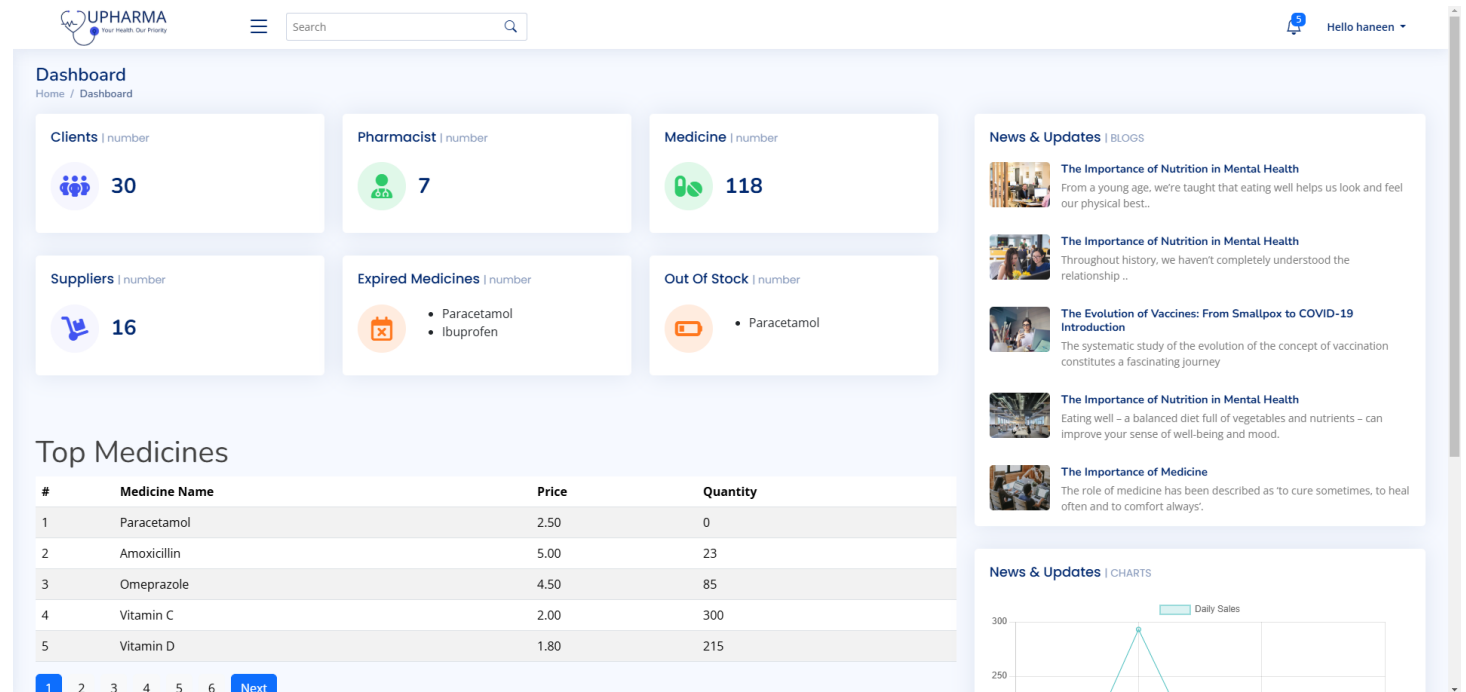

---

Welcome to **UPHARMA**, a pharmacy management system designed to streamline and enhance pharmacy operations. **UPHARMA** is a web-based solution tailored to meet the needs of pharmacists, administrators, and clients. It simplifies the management of medicines, suppliers, pharmacists, and clients, ensuring efficiency, reliability, and security.

## **The website offers:**

- A responsive and user-friendly interface for accessibility across devices.
- Separate views for admins and pharmacists to ensure role-specific functionality.
- Key features such as inventory control, supplier management, client tracking, and detailed purchase histories.
- **UPHARMA** aims to minimize errors, save time, and provide accurate data handling, making it a robust system for modern pharmacies.

# Dashboard:

The **Dashboard Page** in **UPHARMA** is designed to provide key insights and functionalities at a glance:

- **Cards:** Display counts for clients, pharmacists, medicines, suppliers, expired medicines (text), and out-of-stock medicines (text).
- **Blog Section:** Highlights updates, tips, and announcements.
- **Tables:**
  - **Top Medicines:** Lists medicines with a rating of 5.
  - **Latest Clients:** Shows recently added clients.
- **Charts:** Weekly sales tracking for clear visual insights.

This dashboard ensures streamlined access to critical data for admins and pharmacists.

# TABLES :

**UPHARMA** features interactive tables for managing suppliers, pharmacists, clients, and medicines, ensuring efficient data handling and organization.

## **Common Features:**

- Pagination:** All tables support pagination for easy navigation through large datasets.
- CRUD Operations:** Users can create, read, update, and delete records seamlessly, with real-time updates to the database.

## **Specific Tables:**

### •**Pharmacists Table:**

- Displays first name, last name, work details, and email.
- When a new pharmacist is added, their first name, password, role, and email are automatically linked to the registration database for secure login management.

### •**Clients Table:**

- Lists client details, including personal information, medical history, and contact details.

### •**Medicines Table:**

- Manages inventory with fields for medicine name, price, quantity, production/expiration dates, and ratings.

### •**Suppliers Table:**

- Tracks supplier names, company details, and order history, ensuring streamlined procurement processes.

These tables are designed for maximum usability, with intuitive controls and robust database integration.

# How To Add A New Client Form

## Forms in UPHARMA

The forms in **UPHARMA** are designed to simplify data entry and management across key areas of the pharmacy system. Each form is intuitive, user-friendly, and ensures data integrity.

### Key Features:

- **Add Client Form:** Collects details like name, contact information, medical history, and more to efficiently manage client records.
- **Add Medicine Form:** Captures critical details such as medicine name, price, quantity, production/expiration dates, and dosage information for inventory management.
- **Add Supplier Form:** Records supplier details, including name, company, and contact information, to ensure smooth supplier relationships.
- **Add Pharmacist Form:** Registers pharmacists with their personal and professional information, enabling role-specific access to the system.

All forms include validation checks and are integrated with the database to ensure accurate and secure data handling. They support quick additions, making the process seamless for admins.

# STOCK

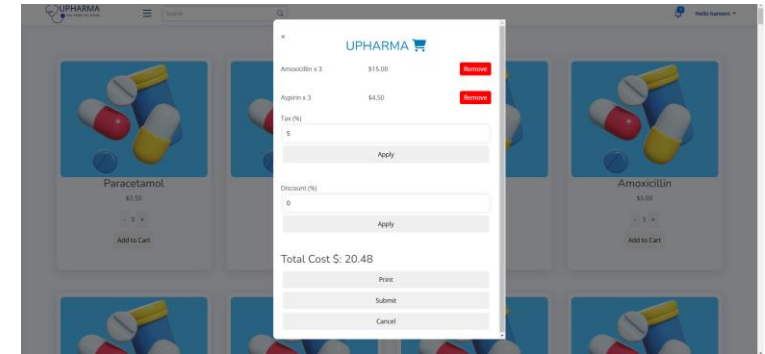

## Stock Page

The **Stock Page** in **UPHARMA** simplifies medicine management and purchase tracking for admins and pharmacists.

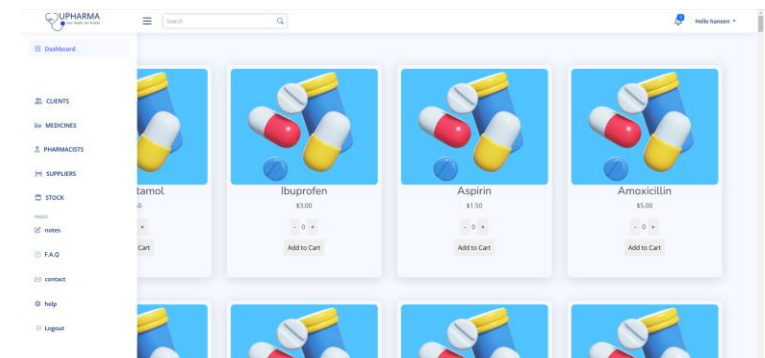

### Key Features:

- **Medicine Cards:**
  - Each card displays the medicine name, price, quantity, and buttons to add or subtract quantities ([ - ] quantity ordered [ + ]).
  - Includes an "Add to Cart" button to add the selected medicine, quantity, and total cost to the cart form.
- **Cart Form:**
  - Add or remove specific drugs using dedicated buttons.
  - Apply tax, discounts, or both with "Apply" buttons.
  - Displays the total cost and allows printing of the purchase invoice with a "Print" button.
  - Add more medicines by closing the form or cancel the entire process with a "Cancel" button.
  - Submit the purchase to:
    - Save it in the **purchase\_invoice** table.
    - Update the **history** section.
    - Automatically decrease the medicine quantity in the **Medicines Table**.
- **Purchase Invoices History Section:**
  - Displays all purchase invoices along with their dates.
  - (Optional) Add a **created\_at** attribute to show the correct time instead of zeros.

This page ensures smooth inventory handling, purchase tracking, and real-time updates.

A screenshot of the UPHARMA application showing the Purchase History table. The table has columns for Purchase Date, Cart Items, Tax, Discount, and Total Cost. It lists multiple transactions with their respective items and costs.

Purchase Date	Cart Items	Tax	Discount	Total Cost
2024-12-21 00:00:00	Ibuprofen (3)	0.00%	0.00%	\$9.00
2024-12-21 00:00:00	Clarithromycin (3), Codeine (2)	0.00%	0.00%	\$30.00
2024-12-20 00:00:00	Amoxicillin (3)	0.00%	0.00%	\$15.00
2024-12-20 00:00:00	Aspirin (4)	0.00%	0.00%	\$6.00
2024-12-20 00:00:00	Amoxicillin (3), Clarithromycin (2)	0.00%	0.00%	\$27.00
2024-12-20 00:00:00	Ibuprofen (2)	0.00%	0.00%	\$6.00
2024-12-20 00:00:00	Ibuprofen (2)	0.00%	0.00%	\$6.00
2024-12-20 00:00:00	Ibuprofen (2)	0.00%	0.00%	\$6.00
2024-12-20 00:00:00	Aspirin (2)	0.00%	0.00%	\$3.00
2024-12-20 00:00:00	Ibuprofen (3)	0.00%	0.00%	\$9.00
2024-12-20 00:00:00	Clarithromycin (4), Clarithromycin (3)	0.00%	0.00%	\$40.00
2024-12-20 00:00:00	Amoxicillin (3)	0.00%	0.00%	\$15.00
2024-12-20 00:00:00	Amoxicillin (3), Aspirin (4)	0.00%	5.00%	\$19.95
2024-12-20 00:00:00	Aspirin (3), Amoxicillin (3), Clarithromycin (2)	5.00%	5.00%	\$31.42
2024-12-20 00:00:00	Amoxicillin (2), Omegaone (2)	5.00%	15.00%	\$16.96

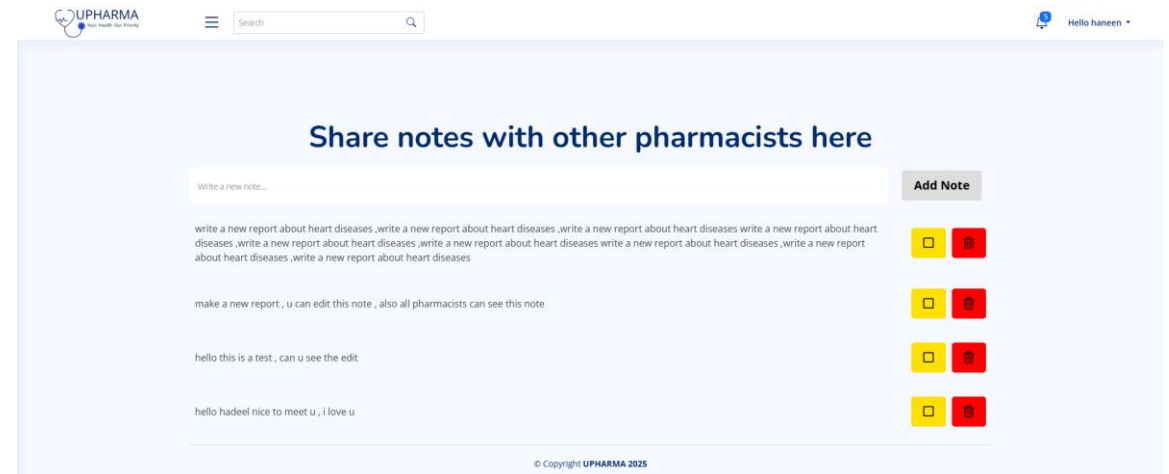

# TEAM NOTES:

The **Notes Page** (or **Notes Hub**) allows all users to create and manage shared notes.

## Features:

- **Add Notes:**
  - Write a note using the text input field and click "Add Note" to save it to the database and display it on the page.
- **Manage Notes:**
  - **Complete Checkbox:** Mark a note as done (updates in the database).
  - **Delete Checkbox:** Remove unwanted notes (deletes from the database).

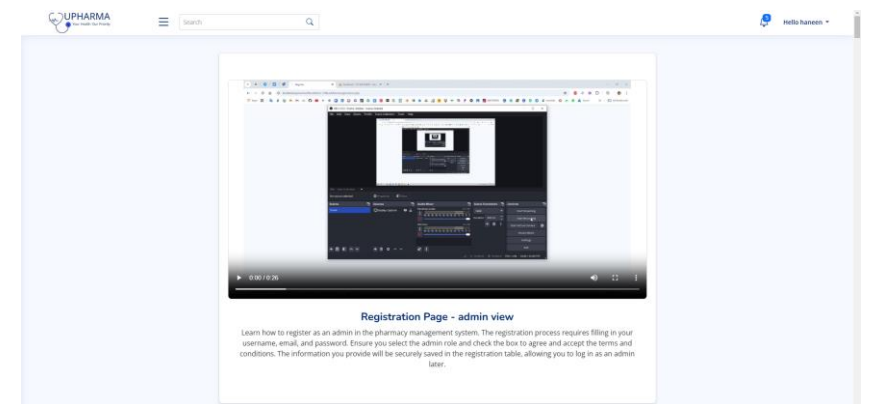

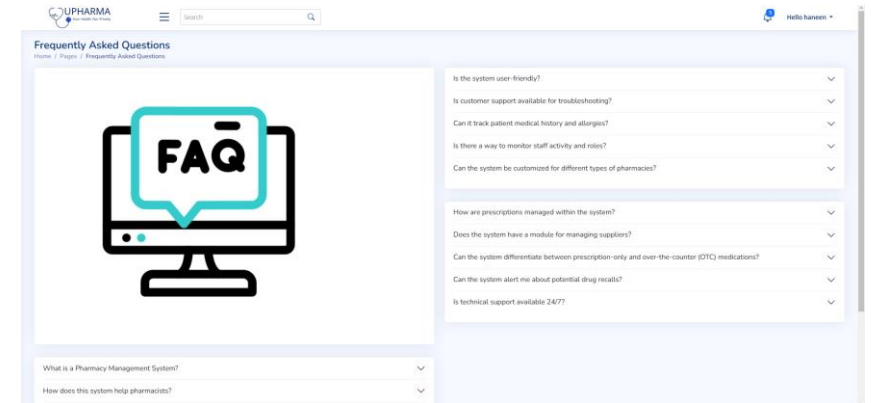

# FAQ & HELP

---

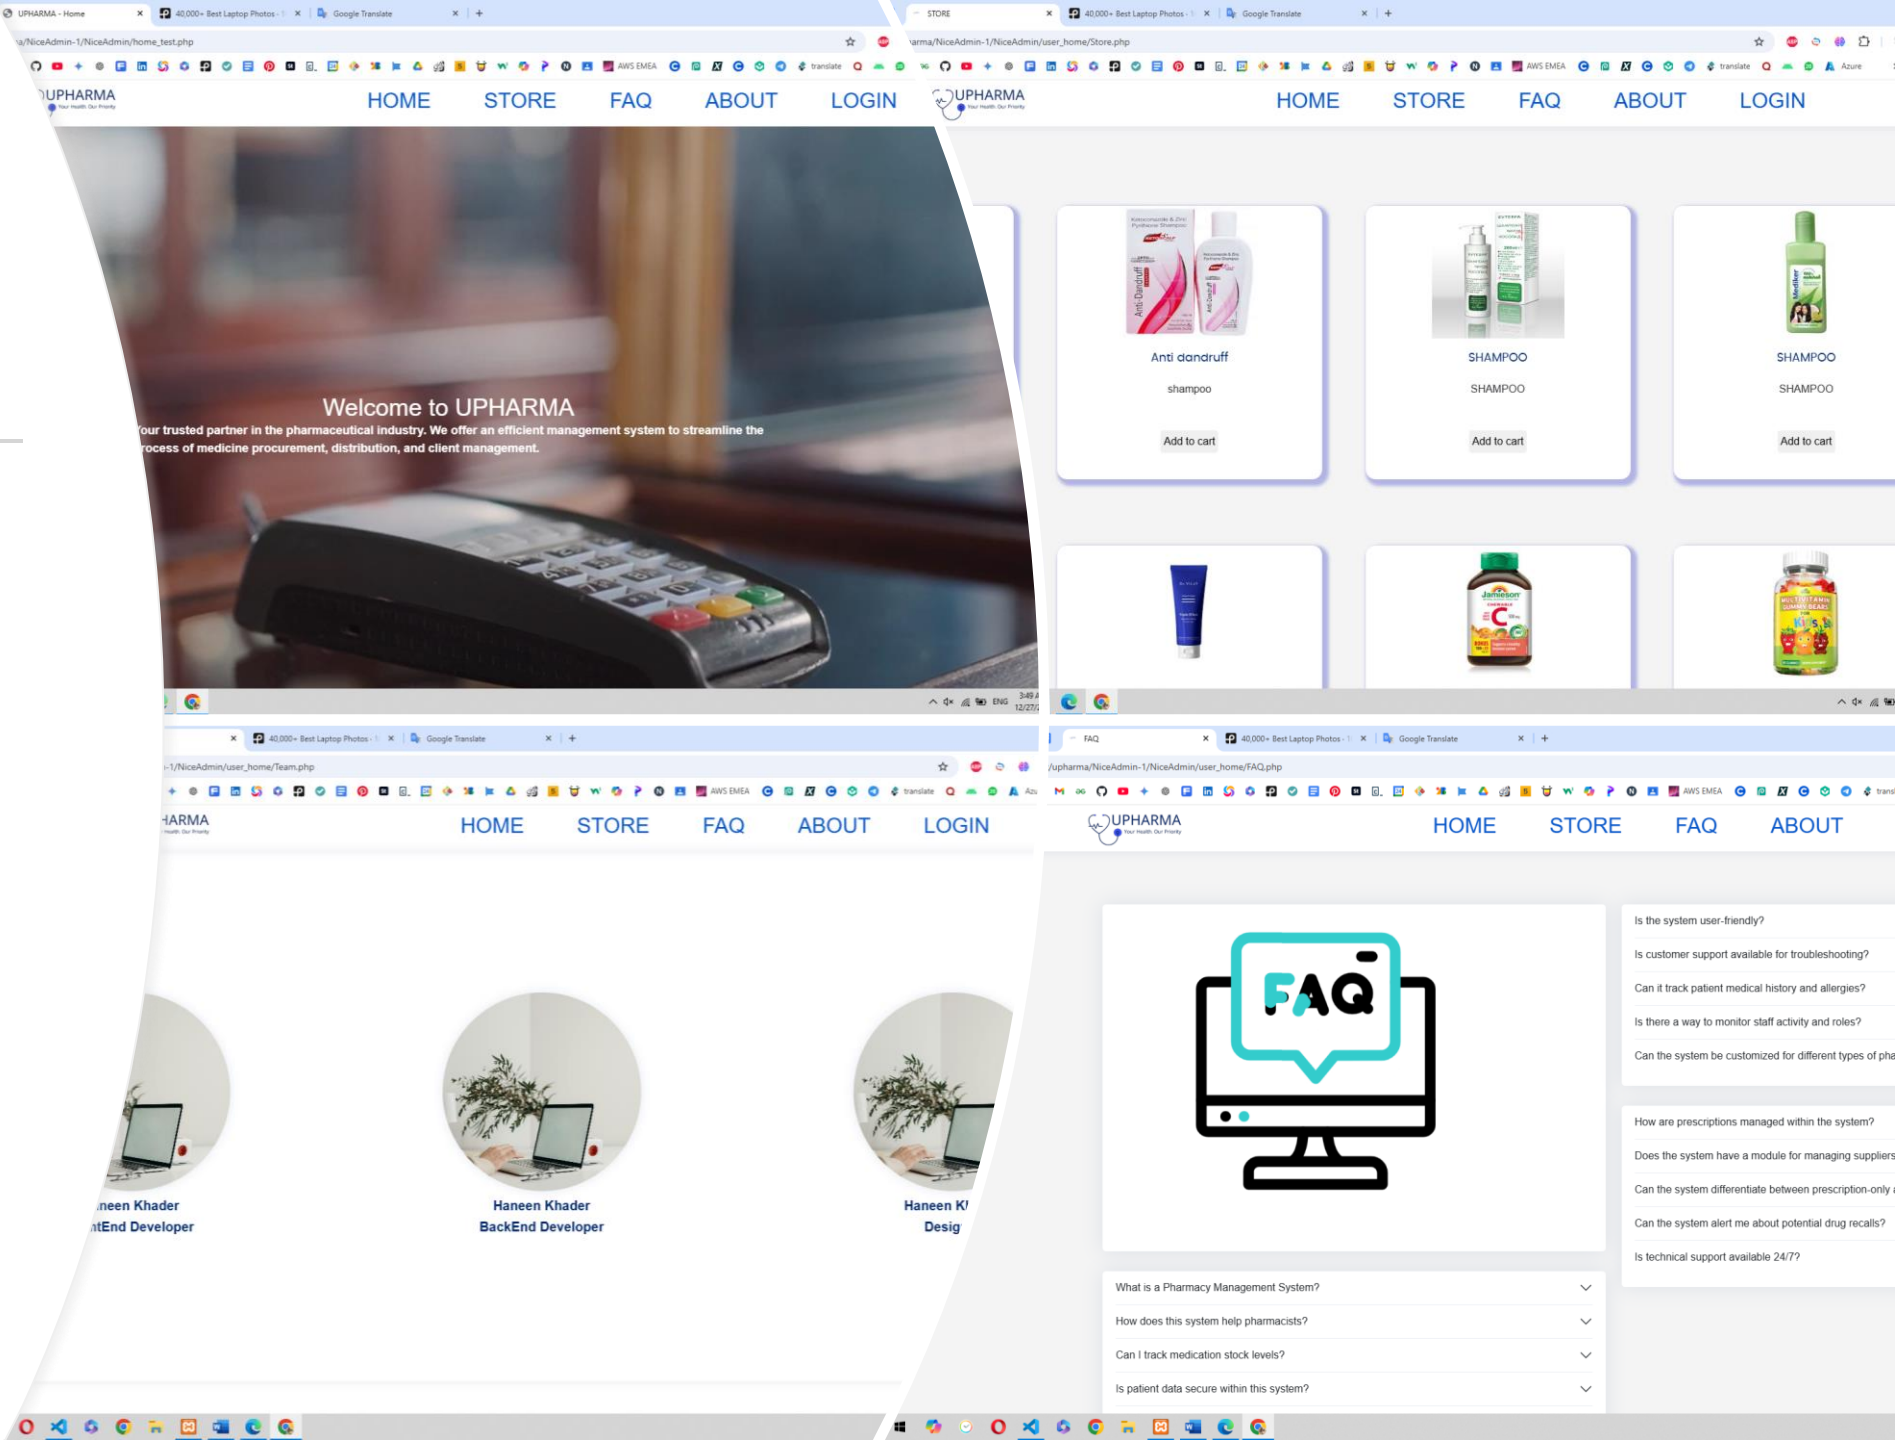

- **FAQ Page:** Displays frequently asked questions about the website.
  - Users can click an arrow next to each question to reveal the answer.
- **Help Page:** Provides videos and images with descriptions.
  - Guides users on how to use the website, ensuring a smooth experience.

# HOME

The **Home Page** serves as the introduction to the website.

- It highlights key features and provides general information about the pharmacy.
- Users can log in from this page.
- Includes a static store section and details about the development team, along with a link to the FAQ page.

- The **Contact Form** allows users to send messages to the admin. Fields include name, email, subject, and message.
- When the user clicks "Send Message," the message is sent directly to a designated Gmail account for follow-up.

# REGISTRATION, NOTIFICATIONS & DETAILS

## Registration:

In **UPHARMA**, users can register as either an **admin** or a **pharmacist**, with each role having different privileges to suit their responsibilities. The system ensures that users have access to features relevant to their role, allowing smooth management and operations.

- **Notifications**

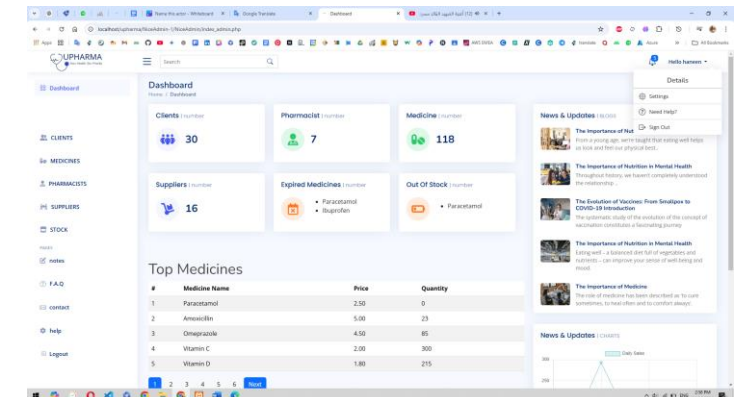

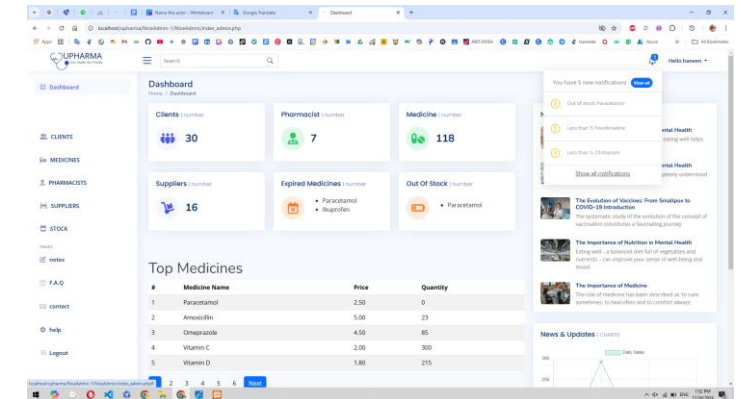

The **Notifications** section alerts users about critical issues like medicines that are **out of stock**, **expired**, or have **quantities less than 5**. These notifications help users stay informed and manage inventory efficiently.

- **Details Dropdown Menu**

The **Details** dropdown menu offers quick access to essential pages such as:

- **Logout**
- **FAQ Page**
- **Help Page**
- This menu streamlines navigation for a better user experience.

The registration form is titled "Registration" and prompts the user to "Enter your personal details for registration". It includes input fields for "Username", "Email", and "Password". Below the password field is a checkbox for "I agree and accept the terms and conditions". There is a "Role" section with a "Select Role" dropdown menu. A blue "Register" button is at the bottom.

# Scheduling of projects phases

---

Task	Timeline
Searching for idea and planning	Month 1
Learning and using Python and Flask	Month 2
Working on Front-End and Back-End Development (PHP)	Month 3
Medical exams (project paused)	2 weeks in Month 3
Backend refinement and documentation	Month 4

# Logo

---

The **UPHARMA** logo represents the core values of the pharmacy management system, symbolizing health, trust, and efficiency. It serves as a visual representation of the system's purpose: to provide a streamlined and user-friendly platform for managing pharmacy operations, from medicines and suppliers to clients and pharmacists. The logo is designed to be simple yet professional, reflecting the reliable and modern approach that **UPHARMA** offers to its users.

# Conclusion

---

**UPHARMA** is a comprehensive pharmacy management system designed to optimize and simplify pharmacy operations. With features tailored for both admins and pharmacists, the system ensures effective management of inventory, clients, suppliers, and pharmacists. The user-friendly interface, role-based access, and real-time notifications provide a seamless experience for all users, helping pharmacies maintain smooth operations and high-quality service. **UPHARMA** is a reliable tool for modernizing pharmacy management and improving efficiency in daily tasks.

## **Thank You Message to My Doctors**

I would like to extend my heartfelt thanks to all my doctors for their unwavering support, hard work, and dedication. Your guidance has not only shaped my knowledge but has also inspired me to push forward and always strive for excellence. I am truly grateful for the lessons you've taught me, both professionally and personally, and for being a constant source of motivation. Your encouragement has been invaluable, and I will forever be grateful for your belief in me. Thank you for being my mentors and supporters on this incredible journey.
